The screenshot shows the 'Loading Unloading History' page in the tom system. The left sidebar contains a menu with 'Loading Unloading History' highlighted. The main area has a breadcrumb 'Transport > Loading & Unloading History > List' and a user profile 'Denny Sudjianto Wijono'. There are three input fields: 'TRANSPORTATION NUMBER', 'LOCATION', and 'DATE AND TIME', each with a red box and an arrow pointing to it from an annotation. Below these are buttons for 'Export', 'Custom Report', and 'Upload'. A search bar with 'Advanced Search' and a 'Keyword' field is also present. At the bottom, there is a table with columns: 'Transportation Number', 'Transportation Date', 'Order Number/STO', 'Sender', 'Receiver', 'Load box/working time', and 'Unload box/working time'. The table is currently empty, showing 'No data available in table'.
